# 1. INTRODUCTION TO PRE-DECLARATION (TIRCUS)

TIRCUS is an application enabling the TIR carnet holder to submit a free-of-charge electronic pre-declaration to customs offices of entry in the Turkish Customs Territory.

Electronic pre-declaration must be sent to a customs office of entry prior to the arrival of goods covered by the TIR Carnet.

You may access TIRCUS on <https://uygulama.gtb.gov.tr/TIRCUS>

You may access the “**USER MANUAL**” by clicking on the main page and then switch the language from English to Turkish or vice versa on the top right of the screen.

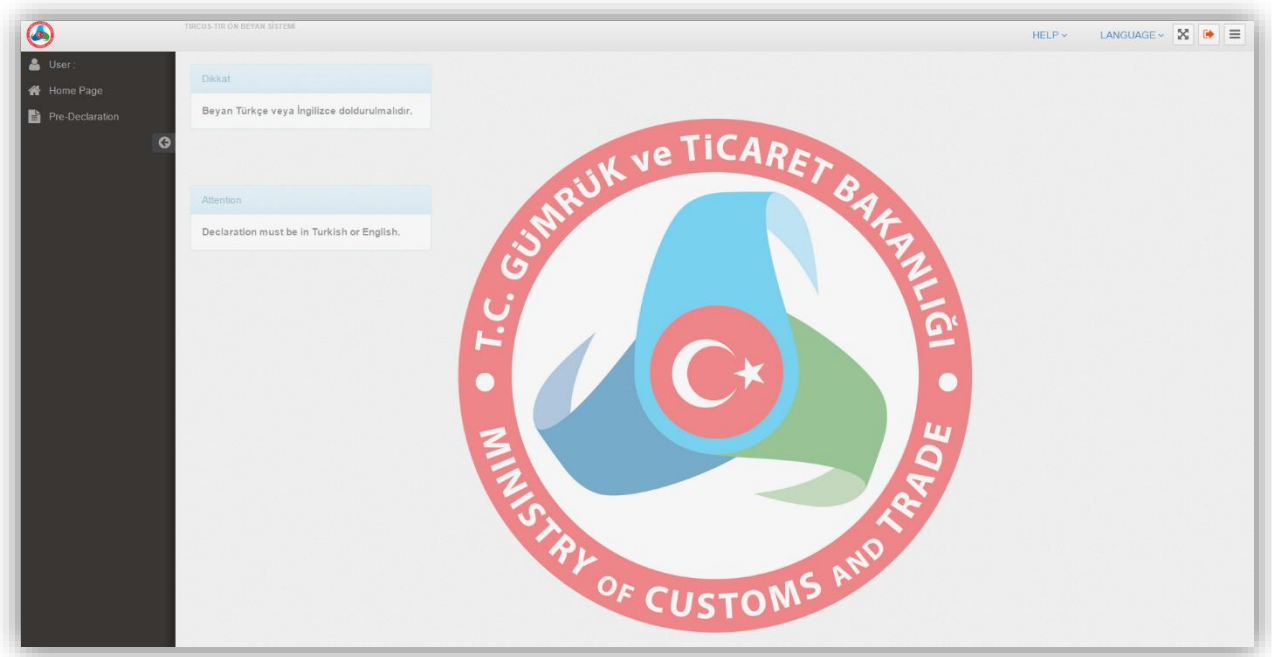

You may access the web site of the Ministry of Customs and Trade and its Twitter, YouTube, and Facebook accounts from TIRCUS main page.

Also it is possible to send technical problems that you may have and your suggestions by clicking the “**CONTACT**” tab.

You must get a username and a password for BILGE profiles FT-Company Representatives or OB-Transporter Company's Summary Declaration from customs offices in Turkey in order to use TIRCUS. (see FAQ 1-2-3)

The image shows a login interface with the following elements:

You can click the “PRE-DECLARATION” icon on the left to reach:
